

**Identifying and Naming 2D Shapes**

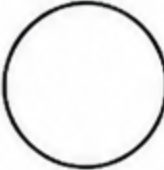

Name: \_\_\_\_\_

Date: \_\_\_\_\_

1. Write the correct name for each shape.

|                                                                                                     |                                                                                                     |                                                                                                      |                                                                                                       |                                                                                                       |
|-----------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------|
| 1.<br><br>_____    | 2.<br><br>_____    | 3.<br><br>_____    | 4.<br><br>_____    | 5.<br><br>_____    |
| 6.<br><br>_____   | 7.<br><br>_____   | 8.<br><br>_____   | 9.<br><br>_____   | 10.<br><br>_____  |
| 11.<br><br>_____ | 12.<br><br>_____ | 13.<br><br>_____ | 14.<br><br>_____ | 15.<br><br>_____ |

2. Look at each shape below. Write the name and the number of sides.

|                                                                                           |                                                                                           |                                                                                            |                                                                                             |                                                                                             |
|-------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------|
| a.<br> | b.<br> | c.<br> | d.<br> | e.<br> |
| Name: _____<br>Sides: _____                                                               | Name: _____<br>Sides: _____                                                               | Name: _____<br>Sides: _____                                                                | Name: _____<br>Sides: _____                                                                 | Name: _____<br>Sides: _____                                                                 |

3. Group the shapes from Question 1 by type. Write the shape numbers in the correct boxes.

|                                    |                                         |                                                         |                                  |
|------------------------------------|-----------------------------------------|---------------------------------------------------------|----------------------------------|
| <b>Triangles</b><br>_____<br>_____ | <b>Quadrilaterals</b><br>_____<br>_____ | <b>Polygons<br/>(5 or more sides)</b><br>_____<br>_____ | <b>Circles</b><br>_____<br>_____ |
|------------------------------------|-----------------------------------------|---------------------------------------------------------|----------------------------------|

4. Draw one example of the following shapes.

|                      |                      |                      |                      |
|----------------------|----------------------|----------------------|----------------------|
| <b>Parallelogram</b> | <b>Kite</b>          | <b>Hexagon</b>       | <b>Heptagon</b>      |
| <br><br><br><br><br> | <br><br><br><br><br> | <br><br><br><br><br> | <br><br><br><br><br> |
