Name: _____ Date: _____

Identifying 2D Shapes and Their Properties

Year 5 – Geometry

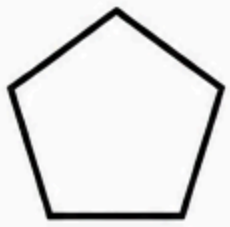

1. Look at the shapes below. Name each shape.

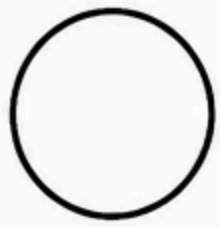

1. _____

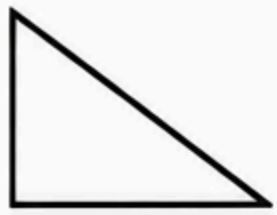

2. _____

3. _____

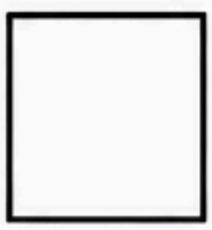

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

2. Count the sides and vertices for each shape.

Shape	Number of sides	Number of vertices
 Triangle		
 Quadrilateral		
 Pentagon		
 Hexagon		
 Circle		

3. Identify the shapes and write their names. Then count the sides and vertices.

Name: _____

Sides: _____

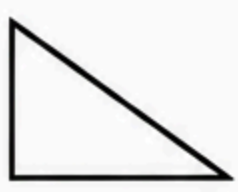

Vertices: _____

Name: _____

Sides: _____
